## NT Intervention

Delegates at the NATSICC National Assembly felt strongly that the council should have a strong voice when it came to the plight of those affected by the Intervention in the Northern Territory.

As a result a media release was distributed immediately following the event.

NATSICC is very concerned at the lack of communication and consultation shown by the Government and will continue to be vocal in our support of our people in the Northern Territory.

The media release can be accessed [here](#).

## Secretariat Relocation

Due to the sale of the iconic OTHERWAY CENTRE in Pirie St., the NATSICC National Secretariat has moved to inner city Adelaide suburb St. Peters.

"We will all miss the Pirie St building, but the new premises has a lot to offer in terms of space and facilities." Craig Arthur, National Administrator said.

Please feel free to drop in and say hello. The building is located at 80 Payneham Rd. Stepney 5069. The office email address has changed to [craig@natsicc.org.au](mailto:craig@natsicc.org.au).

## National Assembly in Brisbane

Attended by over 200 people, the 2009 NATSICC National Assembly in Brisbane was a great success. The theme of the event - Holy Spirit in This Land - rang true as people from every State and Territory came together to talk, share listen and plan for the future.

Keynote Speaker Tom Calma provided an excellent address as did all of the other presenters.

A proceeding booklet is currently being put together and the recommendations from workshops held during the event are being considered by Council. A DVD has been produced and will be distributed shortly to everyone that attended. Please click [here](#) to access the media release provided by the Council.
